INDEX.

A

Absorption of fat through skin of newborn rat, 311
of normal goat serum, selective, 309
Acne vulgaris, infantile, 141
Afferent nerve impulses from muscular receptors, 312
Agranulocytic angina, 799
Akana, Walter I., referred pain in gall bladder diseases, 23
Alden, H. S., sickle-cell anemia, 168
Ammonium chlorid and organic mercury compounds, study of action of, 136
Amphoric breathing, note on, 409
Amyloid disease, Congo red in diagnosis of, 396
Anal sphincter, lacerated, operation for, 881
Anderson, J. P., auricular fibrillation, hyperthyroidism and, 788
Anemia, pernicious, gentian violet and acriviolet in treatment of, 572
sickle-cell, 168, 763, 871
Angina agranulocytotica, 291
pectoris, tender spots on chest wall in, 363
Aortic regurgitation in dogs, experimented study of, 135
wall, imbibition of dyes by, 306
Aortitis, syphilitic, nature and distribution of lesions in, 357
Appel, Kenneth E., diabetic acidosis with a negative ferric-chlorid reaction in urine, 201
Appendicitis, mortality rate in, 294
Archer, Benjamin H., chronic infectious arthritis, 258
Arterial pressure in eye, 303
Arteriosclerosis of cerebral vessels and pathogenesis of hypertension, 136
Arthritis, chronic, clinical and statistical study of, 31
infections, 258
syphilitic, 137
Arthroplasty of hip, 293
Asthma in children, 577
Audiometer in testing hearing, use of, 441
Auricular endocarditis of rheumatic origin, 591
fibrillation, hyperthyroidism and, 788
Austrian, Charles R., Roentgen ray in diagnosis of pulmonary and pleural diseases, 753
Ayers, K. D., Acute intestinal obstruction: mechanism and significance of hypochloremia and other blood chemical changes, 649

B

Bacterium causing rheumatic fever, therapeutic action of its specific antiserum, 101
Balfour, Donald C., cancer of stomach, 773
Ball, Fred E., migraine, its treatment with peptones and its familial relation to sensitization disease, 781
Barker, Lewellys, F., heredity in the clinic, 597
Basal metabolism and specific dynamic action of foods in children in various conditions of nutrition, 139
relation of, to output of normal urinary pigment, 595
Bendove, Raphael A., roentgenology, significance of physical signs of chest and, 322
Bernstein, Mitchell, salt-free diet in treatment of preëclamptic toxemia, 844
Biliary calculi, pathogenesis of, 428
function, newer knowledge of, 138
Binc, René, Hodgkin's disease of skin and mucous membranes, 503
Bladder, sarcoma of, 731
Bland, P. Brooke, salt-free diet in treatment of preëclamptic toxemia, 844
Blastomycosis of cornea, 304
Bloedorn, W. A., periodic health examination, 385
Blood, citrated, studies of, 874
in disease, mineral salt content of, 870
inorganic constituents of, after injection of parathyroid extract, 154
pressure in pulmonary tuberculosis, 46
sedimentation test, finger puncture for, 687
value of, 439
Bloodflow through capillaries of human skin, regulation of, 579
Bloomfield, Arthur L., observations on gastric function in digestive disorders, 460
Bone, giant-cell tumor of, 293
Bone-transmitted sound, acuity for, 884
Bookman, Arthur, Congo red in diagnosis of amyloid disease, 396
Bradytocia, 582
Brain, tuberculoma of, incidence among intracranial tumors and its surgical aspects, 589
tumor of, yellow spinal fluid associated with, 588
Breast feeding problems, 297
Breathing, amphoric, note in, 409

Brewers' yeast, nutrition experiments with, 308
Bronchial asthma, electrocardiogram in, 555
Bronchography, 873
Bumpus, Herman C., Jr., essential hematuria and its possible relationship to purpura hemorrhagica, 176
Burgess, Alex. M., influenza and its pulmonary complications, 818
Bursitis of plantar surface of foot, 294

C

Calcium, absorption of, from intestinal tract of human subjects, 874
Cancer cases, end results of, factors determining, 412
of cervix, operative treatment of, 737
treatment of, 302
diet and, 144
of esophagus, early signs of, 306
etiology of, new research in, 574
problem, carbon monoxid menace and, 882
Capillary permeability, microinjection studies of, 449
Carbohydrate metabolism, obesity and, 184
Carbonic acid in red blood cells, first dissociation constant of, 154
Carcinoma developing in parotid (Stensen's) duct, 624
of liver, primary, 307
of mouth, 872
of thymus, 426
Cardiac rhythm, mechanism of action of hydrogen ion on, 573
Carpenter, E. R., encephalography, 333
Cecil, Russell L., chronic infectious arthritis, 258
Cervical cauterization preceding hysterectomy, 584
Chest, diseases of, demonstrated by lipiodol, 743
Children, growth of, effects of supplementary feedings of fruit and milk on, 576
Cholecystitis, chronic, 368
Colitis, ulcerative, roentgenologic findings in, 147
Community responsibility in hospitals, 592
Congenital diaphragmatic hernia, 886
heart disease in childhood, 427
icterus with normally developed biliary tract, 433
Conjunctivitis, tularemia with, 309
Conner, H. Milton, essential hematuria and its possible relationship to purpura hemorrhagica, 176
Constipation, chronic, treatment of, 814
Cooper, David A., diabetic acidosis with a negative ferric-chlorid reaction in urine, 201
Cornea, blastomycosis of, 304
Cottrell, James E., infectious mononucleosis, 472
Craniectomy in oxycephaly, 701
Cranium, tumors of, causation of increased intracranial pressure and, 731
Crime and its causes, 589
Cutaneous toleration for Roentgen ray, variations of, 435
Cutler, Elliott C., experiences up-to-date in surgical treatment of angina pectoris, 613
Cutler, Jacob, finger puncture for blood sedimentation test, 687

D

Deaf mutism, pathology of, 305
Debze-Hückel theory of hemoglobin solutions, extension of, 896
Delirium, study of, 149
Dental caries in pregnant women, incidence of, 878
Diabetes mellitus in children, end results in treatment of, 432
in children, pathology of, 433
growth in children with, 576
statistical study of 1000 cases, 729
Diabetic acidosis with negative ferric-chlorid reaction in urine, 201
Diaphragmatic hernia, congenital, 886
Diphtheria immunization, 732
Dislocation of semilunar bone, 730
Diverticulosis of color, family, 742
Duodenal ileus, chronic, 643
Duodenum, ulcer of, 586

E

Ectopic pregnancy, 437
Encephalitis, epidemic, lemniscus symptoms following 149
Encephalography, 333
Endocervicitis, chronic, 735
Epidemiology of scarlatinal throat infection sine exanthemata, 445
Epstein, J., functional spasms in children, 380
Esophagus, cancer of, early signs of, 306
Ethmoiditis, polypoid, radium in, 740
Ethylene anesthesia, safeties of, 437
Experimental fowl sarcoma, 890
Eye, arterial pressure in, 303

F

Faber, Harold K., craniectomy in oxycephaly, 701
Fallopian tubes, roentgenography of, 582
Farr, Charles E., referred pain in gall bladder diseases, 23
Feces, streptococci from, 445
Fibroids, total *vs* subtotal hysterectomy for, 438

Fineberg, M. H., systolic hypertension, 835
Fischer, Albert, factors of a growth regulatory nature in tissue cells, 562
Flack, R. E., effect of specific substances of tubercle bacilli on differential white blood picture, skin sensitiveness and rate of sedimentation of red cells, 59
Forceps delivery, 581
Fox, Herbert, infectious mononucleosis, 486

G

Gall bladder, bacteriological study of, 16
congenitally absent, 682
diseases, referred pain in, 23
lesions, origin of, 429
Gastric acidity in infants, studies of, 310
and duodenal ulcer, mechanism of pain in, 729
carcinoma, newer clinical aspects of, 587
crises, operative treatment of, 588
function in digestive disorders, observations on, 460
juice during pregnancy, 437
polyposis, diffuse, 294
Gastroduodenostomy, 575
Gastrointestinal tract, newer physiology of, 453
Gatch, W. D., acute intestinal obstruction: mechanism and significance of hypochloremia and other blood chemical changes, 649
Gesell, Arnold, hemihypertrophy and twinning, 542
Goforth, J. L., carcinoma developing in parotid (Stensen's) duct, 624
Goiter, endemic, potential foci of infection and, 748
Goiter, exophthalmic, complicating pregnancy, 143
Goldstein, Eli, xanthoma diabeticorum an unusual process of involution, 195
Graham, J. D., notes on sulphate of ephedrin, 399
Graves' disease, does hyperplasia offer any evidence for the thyrogenesis of, 11
Greeley, Horace, Jr., referred pain in gall bladder diseases, 23
Greenough, Robert B., end results of cancer cases, factors determining, 412

H

Hair dyes and their toxic effects of, 141
Hargis, Estes H., cancer of stomach, 773
Harris, John, xanthoma diabeticorum: an unusual process of involution, 196
Hayman, J. M., Jr., spirochetal jaundice in United States, 80
Health examination, periodic, 385
Heart disease in childhood, control of, 448
Heart disease, congenital, in childhood, 427
rheumatic in diabetics, 427
failure with regular rhythm, digitalis and diuretics in, 573
rupture of, by indirect trauma, 353
Hein, Gordon E., sickle cell anemia, 763
Helminthic therapy, 875
Hematologic investigations of infections in throat and in children with adenoid growths, 146
Hematuria, essential, purpura hemorrhagica and, 176
Hemihypertrophy and twinning, 542
Hemochromatosis and chronic poisoning with copper, 307
Hemolytic streptococci of beta type in certified milk, 153
Hemorrhage in laryngology, alkaloids of Ceanothus americanus and, 741
of puberty, 583
Herpes zoster, round-cell sarcoma and, 588
Heterophile antibody, production of, by acid-fast bacteria, 749
Hexamethyl amine in typhoid fever, intravenous use of, 296
Hip, arthroplasty of, 293
Hodgkin's disease, leukopenia in, [illegible] of skin and mucous membranes, 503
Hoover, C. F., does hyperplasia offer any evidence for the thyrogenesis of Graves' disease, 11
Howard, Tasker, double tachycardia, 165
Hoxie, George H., hypoglycemia, 220
Hunner, Guy L., ureteral stricture: etiology, diagnosis, pathology and treatment of a new abdominal syndrome, 157
Hyperglycemia, 220
Hyperthyroidism, myxedema and diabetes, 426
Hysterectomy for fibroids, total *vs* subtotal for, 438

I

Idiopathic narcolepsy, 743
Immunity, basic concepts of, 745
Infant feeding, fruit and vegetable juices used in, 139
Infantile acne vulgaris, 141
Intestinal hemorrhage, treatment of, 295
obstruction, toxemia due to anaërobic organisms and, 575
Intestine, small, nonspecific granuloma of, 374
Intracranial pressure changes during forced drainage of the central nervous system, 149
Intraperitoneal infusion, 433
Intrauterine fetal death, etiology and diagnosis of, 301

Intravascular phagocytosis of erythrocytes, 451
Iodized oil in pyelography, 145
Ivy, A. C., newer physiology of gastrointestinal tract, 453

J

Jaundice, clinical causes and diagnostic and prognostic significance of, 668
spirochetal, in United States, 80
John, Henry J., relationship of obesity to carbohydrate metabolism, 184
Jones, Harold W., renal glycosuria and pentosuria, 513
Noble Wiley, infection of gallbladder in relation to chronic (pernicious) anemia, 526
Joyce, Thomas M., infection of gallbladder in relation to chronic (pernicious) anemia, 526
Judd, E. Starr, bacteriologic study of gall bladders removed at operation, 16

K

Kahn, Morris H., electrocardiogram in bronchial asthma, 555
tender spots on chest wall in angina pectoris, 363
Kastlin, George J., agranulocytic angina, 799
G. J., polymorphonuclear leukocyte in tuberculous blood picture, 824
Keefer, Chester S., observations on gastric function in digestive disorders, 460
Keratitis, dengue fever and, 739
interstitial, of dental infection origin, 739
Ketosis in childhood, 431
Kidneys of rabbits, anatomic changes in, following administration of novasurol and salyrgan, 596
Knee joint, diagnostic inflation of, 742

L

Lactic acid blood after experimental hemorrhage, and after injection of sodium lactate in dogs, 750
Leas, R. D., myositis of rectus abdominis contrasted with acute intra-abdominal conditions, 270
Leprosy problem in United States, 447

Lisherness, Gladys M., hypoglycemia, 220
Liver, carcinoma of, primary, 307
Lovett, Beatrice R., intradermal salt solution test in scarlet fever, 539
Lumbar puncture, ill effects of, study of, 854
Lung, massive collapse of, 587
Lymphogranulomatosis inguinalis, 142
Lynch, Frank B., Jr., spirochetal jaundice in United States, 80

M

McCalla, R. L., sickle cell anemia, 763
McPhedran, F. Maurice, diagnosis of tracheobronchial tuberculosis, 245
synchronized Roentgen ray, exposures, deductions from 313
MacCarty, William Carpenter, chronic ulcer and carcinoma of stomach, 466
Malarial treatment of general paralysis, significance of gain in weight in, 149
Malignant disease, lead in treatment of, 430
Maternal mortality in an outdoor clinic, 436
Measles, administrative control of, 448
diplococcus from, studies on, 308
prevention of, by immune goat serum, 432
prophylaxis, 747
Medlar, E. M., polymorphonuclear leukocyte in tuberculous blood picture, 824
Membranes, living, penetration of HCN through, 449
Mental defectives, constancy of intelligence quotient of, 744
Mentzler, Stanley H., bacteriologic study of gall bladder removed at operation, 16
Metabolism, effect of oöphorectomy on, 439
Michelson, Nicholas, amphoric breathing, 409
confirmatory sign for diagnosis of otitis media associated with pulmonary tuberculosis, 228
transmission of pathologic signs from a diseased to a healthy hemithorax, 694
Midwife situation in Pennsylvania, summary of, 735
Migraine, treatment of, 781
Milk control, national program for unification of, 893
cows', peptic digestion of, 140
Miller, H. R., occurrence of leukopenia in Hodgkin's disease, lymphogranuloma, 490

Monilia psilosis, pernicious anemia and, 870
Mononucleosis, infections, 472, 486
Morton, Charles Bruce, peritoneal absorption: comparison between the normal and inflamed peritoneum, 517
H. B., management of circulation in myxedema, 274
Moschcowitz, Eli, nonspecific granuloma of small intestine, 374
Mouth carcinoma of, 872
Müller, George P., anesthesia from the standpoint of the surgeon, 605
Myeloblastic leukemia, acute, extraordinary giant-cell formation in, 151
Myxedema, circulation in, management of, 274

N

Nasal sinuses, displacement irrigation of, 440
Neurosyphilis, tryparsamid in treatment of, 589
Nonspecific stimulation therapy, Wassermann reaction and syphilis therapy with living (malaria) and dead lipoidalbumin compound, 877

O

Obesity carbohydrate metabolism and, 184
Occipitoposterior position, 736
Olch, Isaac Y., chronic cholecystitis, 368
Oöphorectomy, effect of, on metabolism, 439
Ophthalmia in rats, production of, relation of inorganic constituents of a ration to, 894
Optic nystagmus in localizations of cerebral lesions, 584
Osmotic pressure of hemoglobin as influenced by salt concentration, 156
Osteichondritis or epiphysitis, 148
Otitis media, diseases secondary to, radical operations on internal ear in, 440
pulmonary tuberculosis and, 228
Ovarian function, nerve supply and, 738

P

Paraplegia, syphilitic, 734
Paresis, general, 712
type of onset and, 745
Parkhill, Edith, bacteriologic study of gall bladder removed at operation, 16
Peirce, E. G., clinical and statistical study of chronic arthritis, 31
Pellagra, butter, fresh beef and yeast as preventative, relation of factor *P–P* of pellgra (and black tongue of dogs) to vitamin B, 446
Pelvic tuberculosis, Roentgen ray treatment of, 882
Pelvis, contracted, trial labor in treatment of, 301
Pemberton, Ralph, clinical and statistical study of chronic arthritis, 31
Pentosuria, 733
Peptic digestion of cows' milk, 140
ulcer, treatment of, from surgical point of view, 137
Periarteritis associated with polyneuritis, 151
Peribronchitis, nontuberculous simulating, occult tuberculosis, 442
Peritonitis, general, experimental production of, 746
toxemia due to anaërobic organisms and, 575
Phenobarbital in prophylaxis and treatment of acute cocain intoxication, 441
Placenta accreta, 879
previa, 436
Plants, effect of industrial waste gases on, 594
Plasma carbon dioxid capacity of children, effect of various supplementary lunches in, 296
Pleural effusion, auscultatory percussion in diagnosis of, 573
Pneumonic consolidation, resolution in, 743
Pneumonoconiosis, roentgenologic studies and, 884
Pohle, Ernest A., Roentgen ray stimulating doses of ovaries, permanent and temporary sterilization, 91
Postencephalitic Parkinsonianism of nicotin, treatment of, 295
Postnasal growth in area of optic nerve in albino and gray Norway rats, 894
Pratt, George P., management of circulation in myxedema, 274
Joseph H., toxic cirrhosis resulting from acute liver atrophy, 1
Pregnancy complicating exophthalmic goiter, 143
gastric juice during, 437
recurrent toxemia of, 144
suppression of urine in connection with, 879
Proteinurias, seriologic studies on, 241
Psychoses occurring in relations to childbirth, 150
Puberty, hemorrhage of, 583
Pulmonary neoplasms, 746
tuberculosis in children, classification of, 875
Purpura hemorrhagica, essential hematuria and, 176
Pyelitis, diagnosis and treatment of, 437
Pyelograms, bilateral, 738

R

Radioactivity of natural waters, 893
Radium in polypoid ethmoiditis, 740
Ranula, 730
Red blood cell diameter, studies in, 572

Renal glycosuria, pentosuria and, 513
portal perfusion, accessibility of glomeruli of frog's kidney to, 155
Retina, sclerosis of central artery of, 585
